Veteran Service Organizations (VSO)

Friends of Veterans (FOV) is a 100% volunteer-run, non-profit organization that assists Veterans with improving their self-sufficiency through classes, case management, and financial assistance for those who qualify. Veterans who are looking for assistance with back rent, a security deposit, or overdue utility bills will need to present their DD-214 and documentation regarding their financial circumstances such as eviction notice, outstanding balance on an invoice, and a completed expense and income form. Veterans should contact FOV for an intake meeting. (See contact information below.)

Your local American Legion, Disabled American Veterans, Veterans of Foreign Wars, or other non-VA Veteran organizations may have financial and non-financial assistance available. Local posts should have a Service Officer who will gladly help with many of your questions and advise you where to go for other help. They may be your best first contact

Transitional Housing Programs

-Grant and Per Diem (GPD)-

Depending upon what your individual needs and on bed availability at particular locations, you may be eligible for one of the Grant and Per Diem (GPD) Programs. The GPD programs are transitional, supportive housing in which homeless Veterans may potentially stay for up to two years with the goal of working toward permanent housing during this period. GPD Programs involve a range of structured activities, such as group and house meeting attendance and participation, opportunities to meet with non-VA human service providers, and offerings for volunteer, social, and civic opportunities. Veterans are allowed 3 admissions to a GPD program in their lifetime. There are circumstances where this limit may be waived. The determination is made between the GPD program site staff, the VA liaison assigned to the GPD program site, and the national GPD program headquarters.

Veterans with an honorable or other than honorable discharge may be eligible for the GPD program. The Veteran's period of service must include a period of active military duty not for the purpose of training. Therefore, you may be eligible for VA homeless out-reach services while you are in the GPD program even when you may not be eligible for VA health care. Veterans are provided lodging at the GPD sites and case management. The VA pays for services and case management. Veterans may pay a residential fee.

As a general rule, in order to be admitted to any one of the GPD Programs, Veterans need to have a 30-day sobriety from illicit substances and alcohol; GPD Programs have a zero-tolerance policy for illicit substance and alcohol consumption and/or possession. Veterans are required to have had a physical and mental health evaluation 30-day prior to entering a GPD Program. You will be asked to complete Releases of Information and/or fill out applications for GPD Programs of interest. VA Homeless Outreach team members can assist with the completion of applications for GPD Programs.

Some individual GPD Programs encourage or require face-to-face interviews and/or tours of the facility prior to admission. VA Homeless Outreach team members are only able to accommodate one visit per Veteran to a GPD Program, if you are interested in visiting more than one prior to committing. You should consider coordinating transportation arrangements independently for additional visits.

Each site develops their own specific criteria for admission due to the different offerings provided at each program. Some sites have limited space available for families and/or couples on a case-by-case basis.

Veterans Service Organizations (VSO)

To apply for health care benefits through the VA or to request assistance from many Veteran Service Organizations, your DD-214 will be required. It is also possible that you may find your DD-214 at the State Office of Veterans' Affairs in which you were living upon Discharge from service.

Friends of Veterans (FOV) is a 100% volunteer-run, non-profit organization that assists Veterans with improving their self-sufficiency through classes, case management, and financial assistance for those who qualify. Veterans who are looking for assistance with back rent, a security deposit, or overdue utility bills will need to present their DD-214 and documentation regarding their financial circumstances such as eviction notice, outstanding balance on an invoice, and a completed expense and income form. Veterans should contact FOV for an intake meeting. (See contact information below.)

Veteran Service Organizations- Your local American Legion, Disabled American Veterans, Veterans of Foreign Wars, or other non-VA Veteran organizations may have financial and non-financial assistance available. Local

posts should have a Service Officer who will gladly help with many of your questions and advise you where to go for other help. They may be your best first contact

Supportive Services for Veteran Families (SSVF)

Supportive Services for Veteran Families (SSVF) assists homeless and at-risk Veteran families. Through the SSVF Program, VA aims to improve very low-income Veteran families' housing stability. Grantees (private non-profit organizations and consumer cooperatives) will provide eligible Veteran families with outreach, case management, and assistance in obtaining VA and other benefits, which may include:

Health care services	Legal services	Daily living services	Child care services
Fiduciary and payee services	Transportation services	Personal financial planning services	Housing counseling services

In addition, grantees may also provide time-limited payments to third parties (e.g., landlords, utility companies, moving companies, and licensed child care providers) if these payments help Veterans' families stay in or acquire permanent housing on a sustainable basis.

System Wide General Information

Employment and Training

The Homeless Veterans' Reintegration Program (HVRP): HVRP is the only federal program wholly dedicated to providing employment assistance to homeless veterans. DOL-VETS acknowledged that employment is the key to successful transition from homelessness to a life of self-reliance, dignity and promise. The program fosters interagency and community cooperation among homeless service providers; offers supportive services and vocational training; and as provides critical linkages for a variety of supportive services that include the entire continuum of care in their local communities. Veterans Inc.'s Employment and Training Specialists utilize a case management approach using client intake assessments and progress reports to identify individual needs and to develop practical individual performance plans. The program is "employment focused" and veterans receive the employment and training services they need in order to maximize potential for successful, long-term employment and permanent self-sufficiency. For more information call Ms. Katie Haley at Veterans Inc. 802-451-9189

Job placement	Job development	Resume preparation
Training	Career counseling	Interviewing skills

CWT/TWE (Compensated Work Therapy-Transitional Work Experience) was established to assist veterans with disabilities, or other barriers, to maintain competitive employment by providing work experiences that foster solid work ethics as well as independence. This therapeutic program is an independent Veteran benefit and does not affect any other VA benefit that the veteran may be receiving. Being a therapeutic program, a consult referral is required from the Patient's Primary Care Provider.

What is CWT? A work for pay program provided by Department of Veterans Affairs, Veteran Industries. A program that serves the interests of unemployed veterans as well as businesses seeking competitively priced labor. An extension of vocational rehabilitation services mandated by Title 38 USC Sec.1718. An opportunity for veterans to develop marketable skills and work habits. An opportunity for companies to achieve a reduction in costs and pre-select a stable work force. For more information contact is Sue Gattie at 802-295-9363 extension 6725.

VA Homeless Vocational Development Specialist: Karen Townley, T: 802.295.9363 x 4653

White River Junction VAMC. Helping Veterans with job placement and resume preparation.

The Vocational Rehabilitation and Employment (VR&E) Vet Success Program assists Veterans with [serviceconnected disabilities](#) to prepare for, find, and keep suitable jobs that will not aggravate or exacerbate service connected conditions. Services that may be provided include: Comprehensive rehabilitation evaluation to determine abilities, skills, and interests for employment; employment services which include assistance finding and keeping a job. If you are interested in applying for Chapter 31/VR and E services, please apply online. To learn more about this VR and E/Chapter 31 program go to www.vetsuccess.gov.

Foreclosure Prevention & Financial Counseling Resources

VA Loan Guarantee Service: In order to help veterans in serious financial trouble, VA Regional Loan Centers have technicians available to conduct financial counseling. **This counseling is designed to help avoid foreclosure.** If you want this assistance, call 1-800-729-5772 to reach a Loan Service Representative that can assist you.

General Guidance The US Department of Veterans Affairs urges all Veterans who are encountering problems making their mortgage payments to speak with their loan servicers as soon as possible to explore options to avoid foreclosure. Contrary to popular opinion, servicers really do *not* want to foreclose because foreclosure costs a lot of money. Depending on a Veteran's specific situation, servicers may offer any of the following options to avoid foreclosure:

Repayment Plan – The borrower makes regular installment each month plus part of the missed installments.

1. Special Forbearance – The servicer agrees not to initiate foreclosure to allow time for borrowers to repay the missed installments. An example would be when a borrower is waiting for a tax refund.
2. Loan Modification - Provides the borrower a fresh start by adding the delinquency to the loan balance and establishing a new payment schedule.
3. Additional time to arrange a private sale – The servicer agrees to delay foreclosure to allow a sale to close if the loan will be paid off.
4. Short Sale – When the servicer agrees to allow a borrower to sell his/her home for a lesser amount than what is currently required to pay off the loan.
5. Deed-in-Lieu of Foreclosure - The borrower voluntarily agrees to deed the property to the servicer instead of going through a lengthy foreclosure process.

Access: <http://benefits.va.gov/homeloans/> for additional information on VA loans and to watch videos of Veterans who have completed the workout options listed above.

Survivor Outreach Services

Survivor Outreach Services for Families, contracted by the National Guard to work with military family member survivors. Their Mission is to embrace and reassure Military Survivors that they have a continuum of care from the Military. They work with all branches of service from all conflicts, regardless of the manner of death. They connect individuals and direct family members to additional Survivor resources as needed. Benefits and entitlements may vary with the cause of death, military status at time of death and relationship to the service member, but the eligibility for help doesn't change. There is no time restriction on assistance.

Veteran Counseling and Support Groups

Crisis Prevention Hotline: We want you to have the support you need when you need it. The National Veteran Crisis Prevention Hotline is available 24 hours a day. The number is 1-800-273-TALK or 1-800-273-8255.

Primary Mental Health Clinic (PMHC): To get started receiving mental health services at the VA Medical Center in White River Junction, come to the Primary Mental Health Clinic (PMHC) located in Building 39 nearby the Primary Care Green Mountain Firm. The PMHC is open on a walk-in basis between the hours of 8:00 am and 4:00 pm Monday through Friday. Therapists and psychiatric prescribers both staff the PMHC. You can expect to meet with both clinicians during an initial assessment. You may be offered options for care, education about services available, or referrals to VA mental health clinicians, at this time.

Vet Centers are community-based counseling centers that provide a wide range of social and psychological services, including professional readjustment counseling to eligible Veterans, active duty service members, including National Guard and Reserve components, and their families. Readjustment counseling is offered to make a successful transition from military to civilian life or after a traumatic event experienced in the military. Individual, group, marriage and family counseling is offered in addition to referral and connection to other VA or community benefits and services. Vet Center counselors and staff, many of whom are Veterans themselves, are experienced and prepared to discuss the tragedies of war, loss, grief and transition after trauma. Please note that most Vet Centers also have Community Access Points (CAPS), outstations, and non-traditional hours. There are also Mobile Vet Centers (MVCs). These tools aid in the accessibility of our services. You can contact your nearest Vet Center for more information regarding eligibility and services. Other ways of connecting with the Vet Center include the Vet Center Call Center 1-877-WAR-VETS and www.vetcenter.va.gov.

VA Health Care Eligibility and Enrollment for Veterans

Eligibility for VA health care is dependent upon a number of variables, which may influence the final determination of the services for which you qualify. These factors include the nature of a veteran's discharge from military service (e.g., honorable, other than honorable, dishonorable), length of service, VA adjudicated disabilities (commonly referred to as service-connected disabilities), income level, and available VA resources among others. Reservists and National Guardsmen must have served active duty by a federal activation, and for reasons other than for training purposes. **The character of discharge you received from the military can be a factor. It is not an issue if you received:**

An honorable discharge	A general discharge, or	A discharge under honorable conditions
------------------------	-------------------------	----------------------------------------

If you have a different character of discharge, you may still be eligible for care. Contact your Enrollment Coordinator at your local VA health care facility to see if you qualify. The length of your service may also matter. It depends on when you served. There's no length of service requirement for:

Former enlisted persons who started active duty before September 8, 1980, or	Former officers who first entered active duty before October 17, 1981
------------------------------------------------------------------------------	-----------------------------------------------------------------------

All other veterans must have 24 months of continuous active duty military service for reasons other than for training, or meet one of the exceptions described below.

You do not have to meet the 24 continuous months of active duty service requirement if you:

Were a reservist who was called to Active Duty by federal executive order, and who completed the term for which you were called, and who was granted an other than dishonorable discharge, or	Were a National Guard member who was called to Active Duty by federal executive order, completed the term for which you were called, and who was granted an other than dishonorable discharge, or
only requesting a benefit in connection to: a service-connected condition or disability; treatment and/or counseling of sexual trauma that occurred while on active duty; or treatment of conditions related to ionizing radiation; head or neck cancer related to nose or throat radium treatment while in the military.	Were discharged for a reason other than disability, but you had a medical condition at the time that was disabling, and in the opinion of a doctor, would have justified a discharge for disability (in this last case, the disability must be documented in service records).
Were discharged or released from active duty for a hardship*, or discharged with an "early out" *	Have been determined by VA to have compensable service-connected conditions; or Were discharged or released from active duty for a disability that began in the service or got worse because of the service*
* must be documented on DD214	

Veteran's Health Administration Enrollment

To apply for health care benefits through the VA or to request assistance from many Veteran Service Organizations, your DD-214 will be required. It is also possible that you may find your DD-214 at the State Office of Veterans' Affairs in which you were living upon Discharge from service.

All Veterans are encouraged to enroll in the VA Health Care System. To begin the process, please complete an:

Application for Health Care Benefits. You can submit the form online, or you may print the form and mail it to Eligibility: VA Medical Center Business Office – Eligibility VA Medical Center 215 North Main Street White River Junction, VT 05009. You can also bring the form to the Medical Center or any of the White River Junction VA outreach clinics. The Eligibility Office in White River Junction is located on the ground floor of the Ambulatory Care building. Whether mailing or bringing your application, please include the following items —a copy of both sides of your current Insurance card (including Medicare or Medicaid); a copy of your DD-214, 'Armed Forces Report of Transfer or Discharge' (Purple Heart recipients only); and a copy of your award Letter, if 'Purple Heart' is *not* noted on your DD-214. To speak to someone in our eligibility office, please call 802-295-9363 ext. 5118/6281
