

INFORMATIONAL BULLETIN #1

Pease Families,

Our thanks to all who attended the Pease Health Concern Listening Session on Friday, December 7th. The many compelling stories that were shared reinforce the imperative to leverage our federal, state and local partners to thoroughly research the issues raised. It may be a long road but we owe it to our past and present colleagues and their families to stay the course. We will use this distribution channel to keep you posted on the progress of our efforts.

Additionally, we are seeking your assistance getting the word out to all those that may not have been able to attend the Listening Session on December 7th; if you are connected with folks that may be affected or need to be aware of what is going on; please have them reach out to the New Hampshire Office of Veteran Services to get on this Informational Registry.

Email:

NHSVC.VBAMAN@va.gov

Call:

(603) 264-9230 Ext 301

Please have them prepared to pass along the following information:

- Veteran's First Name
- Veteran's Last Name
- Relation to the Veteran if they are sending the email on behalf of the Veteran
- Full Mailing Address
- Best Phone Number for contact purposes
- Best Email Address for contact purposes
- What Unit the Veteran was assigned to while they worked at Pease
- And the actual years they were assigned (ex: 1980-1984)

Attached Item:

The Attached Item is the Letter that the NH Congressional Delegation; Sen. Jeanne Shaheen, Sen. Margaret Hassan, Sen. Carol Shea-Porter, and Sen Ann Kuster; sent on November 30th 2018 to the Secretary of Defense, the Honorable James Mattis and the Secretary of the Veterans Administration Robert Wilkie; which brings your concerns to the Secretary's attention and asks them to seek answers to some of the questions that the Congressional Delegation felt needed to be answered.
