"We're working to keep New Hampshire working"

New Hampshire Veterans' Resource Directory

Created by New Hampshire Employment Security, with assistance from
NH Division of Veterans Services, Department of Military Affairs and Veteran Services.

Have you or a family member ever served in the military?

Community or healthcare service providers may ask you during registration or intake if you, or a family member, have ever served in the military. If they do not, please tell them!

While providers have always treated veterans, service members and their families, it has only been recently realized how important it is that any care, diagnosis, treatment or service provided to you has considered all possible exposures or unique circumstances experienced during military service (peacetime, wartime, foreign or domestic) so you can be provided with the best, and most informed, care and service.

You are under no obligation to report your military service, but it could open the doors to more effective services and treatment in addition to allowing service providers to better understand the veteran population in New Hampshire.

Thank you for your service!

NEW HAMPSHIRE EMPLOYMENT SECURITY (NHES)

www.nhes.nh.gov

New Hampshire Employment Security (NHES) helps people succeed throughout their lives. In addition to providing outstanding customer service, supporting workers through times of unemployment, matching job seekers with employers, and providing businesses and individuals with the information they need to adapt to a changing economy, NHES facilitates the training needed for success.

NHES VETERANS' SERVICES

All that NHES does, it does first and foremost for veterans. Veterans and eligible spouses receive access, on a priority of service basis, to the full range of public employment and training services, including job search assistance, workshops, resume assistance, labor market information, career guidance, job referral, and referral to other supportive and training resources. Veterans are given preference in each of our local offices in the referral to job orders. Staff assesses the needs of each veteran and makes it a priority to educate the veterans of New Hampshire, especially for those veterans returning from active duty, on services available through NHES. Our Disabled Veterans' Outreach Program Specialists (DVOPs) serve those veterans who need intensive services in order to obtain or retain employment that supports their self-sufficiency by providing those services and referrals as appropriate. In addition, these specialists will network with other veterans' social and supportive service agencies to get assistance for their veteran customers. Local Veterans' Employment Representative (LVER) staff conducts outreach to employers, employer associations and business groups to promote the advantages of hiring veterans and to assist veterans in gaining employment. There are veterans who need referrals to other supportive services and NHES tries to facilitate and expedite these processes as much as possible. Every NHES office has space for representatives from the State of New Hampshire Division of Veterans Services to meet with veterans, providing veterans access to their services locally and on a regular basis.

served their country and fellow citizens. This facility provides an environment for those who have made personal sacrifices in the military and are now unable to care for themselves. Applications can be downloaded by going to www.nh.gov/veterans/Admissions.htm

HOME CARE

www.va.gov/geriatrics

The VA's nursing home programs include Community Living Centers, contract community nursing homes and state homes. More than 90 percent of VA's medical centers provide home- and community-based outpatient long-term care programs. A patient-focused approach supports the wishes of most patients to live at home in their own communities for as long as possible. Many veterans will receive inpatient long-term care through programs of VA or state homes.

OUTPATIENT DENTAL TREATMENT

VA GUARANTEED HOME LOAN

www.benefits.va.gov/homeloans

Veterans' Administration guaranteed loans are made by private lenders, such as banks, savings & loans, or mortgage companies to eligible veterans for the purchase of a home which must be for their own personal occupancy. The guaranty means the lender is protected against loss if you or a later owner fail to repay the loan. The guaranty replaces the protection the lender normally receives by requiring a down payment allowing you to obtain favorable financing terms.

SPECIALLY ADAPTED HOUSING (SAH) PROGRAM

www.benefits.va.gov/homeloans/sah.asp

Veterans or service members who have specific service-connected disabilities may be entitled to a grant from the Department of Veterans Affairs for the purpose of constructing an adapted home or modifying an existing home to meet their adaptive needs. VA'S HOUSING AND URBAN DEVELOPMENT

HUD-VASH is a collaborative program between HUD and VA combines HUD housing vouchers with VA supportive services to help Veterans who are homeless, and their families find and sustain permanent housing. Through public housing authorities, HUD provides rental assistance vouchers for privately owned housing to Veterans who are

eligible for VA health care services and are experiencing homelessness. VA case managers may connect these Veterans with support services such as health care, mental health treatment and substance use counseling to help them in their recovery process and with their ability to maintain housing in the community. Among VA homeless continuum of care programs, HUD-VASH enrolls the largest number and largest percentage of Veterans who have experienced long-term or repeated homelessness. At the end of FY 2018, there were 85,509 Veterans with active HUD-VASH vouchers and 78,234 Veterans in housing with a HUD-VASH voucher.

For eligibility criteria, refer to:

THE MILITARY COALITION

www.themilitarycoalition.org

The Military Coalition is a group of 34 military, veterans and uniformed services organizations in joint pursuit of the following goals:

- Maintaining a strong national defense provided by recruiting and retaining skilled and highly capable personnel in the seven uniformed services;
- Maintaining uniformed services compensation and benefits at levels sufficient to attract and retain professional uniformed service members for careers of service to the Nation;
- Representing the interests of the entire uniformed services community, including members' families and survivors, and responding to assaults upon the compensation and benefits

earned by members of that community through years of dedicated service; and

- Educating the public on the extraordinary demands and sacrifices associated with a career in uniformed service, and the need to maintain a similarly unique system of compensation and benefits to attract and retain the kinds and numbers of high-quality personnel needed to meet the Nation's short- and long-term defense requirements. The philosophy of The Coalition is that, by working together on issues of mutual agreement, the participating organizations can harness the grassroots support of more than 5.5 million members plus their families and accomplish far more than by working on these initiatives separately.
